

Hangar Metal Buildings

NUCOR
BUILDING SYSTEMS

The Brand of Choice

www.NucorBuildingSystems.com

Nucor Building Systems offers column-free clear spans up to 220' for your aircraft hangar. Whether your needs include a large or light aircraft hangar, standard or asymmetrical design with panel or hardwall exterior, a Nucor Building can accommodate your requirements.

Door systems including bi-fold, rolling or stacking, as well as mezzanines, maintenance, and office space can easily be incorporated into your building design. Your Nucor Builder will provide you with a well designed, economical solution for your needs.

Nucor buildings are designed by registered, professional engineers with the aid of some of the industry's most advanced computer systems. This system simplifies construction and significantly reduces erection time, resulting in lower in-place cost and faster occupancy of your building.

As a leader in the steel and metal building industry, Nucor offers the advantages of design flexibility and energy efficiency. As a member of MBMA and CSSBI, with IAS AC472 accreditation, Nucor metal buildings adhere to stringent specifications to ensure the high quality and stability you need, giving you peace of mind and confidence, both now and for years to come.

The Highest Quality Standards

Nucor Building Systems is one of the first metal building companies to achieve IAS AC472 accreditation - the high quality standard certification program written specifically for the metal building industry. All engineering follows industry specifications and standards published by the American Iron and Steel Institute, Canadian Sheet Steel Building Institute, and the Metal Building Manufacturers Association, with the ability to design to Factory Mutual approval. These standards help ensure you have a safe, dependable metal building.

Your Building Is Custom

Nucor Building Systems will custom design your facility, incorporating the latest engineering knowledge in the industry today, to meet your unique requirements. Your facility will be designed and certified by company registered professional engineers, and fabricated to your specific needs.

Financial Stability

As a Nucor (Fortune 500) company, we are one of the most flexible and diverse building manufacturers in operation today, with access to our own steel supply. Even in economic challenges, our no lay-off practice ensures your building is being designed and fabricated by well trained, loyal employees who know their jobs.
